

Prof. NING Guang

Practiced as an endocrinologist for over thirty years, Prof. NING Guang is the Guang Qi Professor at Shanghai Jiao Tong University and now serves as the President of Ruijin Hospital, Shanghai Jiao Tong University School of Medicine. He is elected as a member of the Chinese Academy of Engineering in 2015. Prof. Ning dedicates his life career to clinical and basic research on endocrine and metabolic diseases, e.g., diabetes, obesity, endocrine tumours etc. He is trained as a clinical doctor in China and as a postdoctoral fellow at Baylor College of Medicine in the USA. He is the Director of the Shanghai Institute of Metabolic Diseases; Editor-in-Chief of the *Chinese Journal of Endocrinology and Metabolism*; Co-Editor-in-Chief of the *Journal of Diabetes*; Deputy Editor-in-Chief of the *Journal of Endocrinology* and *Journal of Molecular Endocrinology*; advisory board member of *Nature Review Endocrinology*.

Prof. Ning has extensively engaged with national and international strategic science collaboration, e.g., national technology forecasting for 2035, health reform evaluation, pilot grants decision-making, interdisciplinary collaboration, and big-data regulation in the biomedical industry. He has also led ministerial-level grants and basic research projects with the Ministry of Science and Technology, the National Health Commission, the National Natural Science Foundation, and the Ministry of Education. He published in peer-reviewed journals, including *Science, JAMA, Nature Genetics,* and *Lancet Diabetes Endocrinology*. For multiple times Prof. Ning received The State Scientific and Technological Progress Award from National Office for Science & Technology Awards; received the Chinese International Endocrinology Award from the American Association of Clinical Endocrinologists; the Lifetime Achievement Award from the Israeli Diabetes Association and the Israeli Ministry of Health; ANM-Servier Medical Prize from French National Academy of Medical Sciences; Yutaka Seino Outstanding Leadership Award from the Asian Association for the Study of Diabetes; and Honorary Fellowship Award from American College of Cardiology. He is elected to serve as an Advisory Committee member of the InterAcademy Partnership (IAP) during 2023-2025.
